The General Secretary proposed that clause 12.3 of the Election Regulations be amended to read as follows:
‘The Returning Officer shall, on request of a student, inform that student of the number of votes cast for each candidate in the election.’

This amendment was met with a counter-proposal from Tut Tut, who proposed that clause 12.3 be amended to include the following additional provision:

The Returning Officer shall also make the results public by fully publishing the election results on the FUSA website.

The Student Council believed that an adequate level of transparency was achieved through the adoption of the change proposed by the General Secretary.

Jake Lane suggested that publishing the results of elections on the FUSA website would fail to preserve the dignity of unsuccessful candidates.

The Student President suggested that publishing of results may also prove to be a disincentive to voting if voter turnout figures are low.

Chris O’Grady tabled the results of research into elections procedures sourced from other institutions.

The General Secretary proposed that the process for obtaining the results of elections is currently sufficient and that publishing would unnecessarily increase the complexity of the FUSA website.

**Motion that the Student Council accept clause 12.3 of the Election Regulations as amended by the General Secretary**

**Motion carried, 2 against, 0 abstained.**
