3. Matters for Decision

3.1 FUSA AGM

Preamble:

By-Elections are an extremely taxing and resource intensive process, not only do they cost money, they also take up a lot of time from the FUSA Staff especially when there are multiple.

They are also, irritating to the student population, and with the results of previous surveys, by elections have a negative impact on FUSA's brand.

I've been in talks with Chris O'Grady, Kate Walsh, Christopher Norman about making changes to our constitution in order to ratify this.

This also presents us the chance to update and fix up minor mistakes from our constitution (for those of you who have read it, you'll understand).

In accordance with section 17 & 18 of the constitution student council will need to pass by absolute majority to have a AGM.

From there if passed, I will move the proposed changes to University Council in the May meeting.

Motion:

Student Council direct the General Secretary to call an AGM to be held on Wednesday 3rd of May in the Tavern.

The President and General Secretary will submit a proposed agenda in accordance with the constitution and regulations, and costing to next week's regular student council meeting.

Moved: Jordon O'Reilly

Seconded: Christopher Norman
