7. Matters for Decision

7.1 Disabilities Space Plz – Anu Francis

Preamble

Flinders University is the educational institution of many students with disabilities. In accordance with the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, students with disabilities must receive access to education on the same basis as students without disabilities. In order to access education on the same basis as students without disabilities, some students with disabilities may need to rest or administer medications whilst on campus, whilst others would benefit from accessible kitchen facilities and study areas equipped with assistive technologies such as ergonomic seating, adjustable height desks, and computers with software such as text-to-speech and speech-to-text programs. Furthermore, loneliness is a well-known issue amongst students with disabilities, therefore a space where students can meet and socialise others with disabilities will help to reduce the prevalence of this issue at Flinders.

Motion

FUSA endorses the establishment of a Disabilities Space within the Hub, where students with disabilities can socialise, relax, hold Disability Collective meetings, administer medications, and utilise accessible kitchen and study facilities in an inclusive and safe environment.

The views expressed and statements contained in these documents are those of the Flinders University Student Association (FUSA) or individual named members of the FUSA Student Council, and do not necessarily represent the views of Flinders University. 7.2 AGM (A Great Meeting) – Josh Rayner

Preamble

FUSA is constitutionally bound to hold an Annual General Meeting every year. This is our opportunity to invite students to a meeting where we can report back on our activity over the last 12 months. We already have a well packed events calendar, leaving few windows for us to hold the event with enough time to promote. The proposed date for the meeting is Tuesday 10 September, which falls at a similar time to our AGM last year.

Motion

FUSA will hold its Annual General Meeting on 10 September 2019, with expenditure from the designated event budget line to cover promotion and lunch.

7.3 Student Council Executive – Josh Rayner

Preamble

Given the recent resignation of the Women's Office from Student Council, the Student Council Executive currently consists of four members, one short of the constitutionally required five. Given the current identity of the Executive and constitutional affirmative action requirements, nominations for this remaining position on Executive will only be considered from those Student Council members who identify as a woman.

Motion

FUSA Student Council elect ... to fill the current vacancy on the Student Council Executive

7.4 FUSA Election Regulations Amendment – Josh Rayner

Preamble

The FUSA Election Regulations establish the standard practices and principles upon which Elections and Casual Vacancy Processes are conducted. Student elections should be about the democratic enfranchisement of students free from the interference of the University. As this is a universally agreeable principle, it ought to be enshrined in our regulations so as to reassure voters and other election participants of the integrity of FUSA Elections as democratic, and the integrity of FUSA as an independent representative body for students.

Motion

To amend the FUSA Election Regulations to insert the following after s15.8;

15.9) FUSA Elections, including the Casual Vacancy Selection Process, shall be free from interference from Flinders University Staff.

- a) University Staff includes, but is not limited to, FUSA Staff, Staff of the Office of Student Engagement, University Senior Administration, Yunggoorendi Staff and Oasis Staff.
- b) Interference may take the form of endorsement, encouragement, criticising decisions of students or student representatives, expressing opposition or approval of certain student representatives or student political groups (e.g. factions, parties, or clubs), offering unsolicited opinions, endorsements or disendorsements of certain candidates or tickets, or any other actions which may cause any student or students to modify their involvement in elections in any way, whether as a candidate or a voter.

Flinders University makes no warranty as to the accuracy of any statements made in the documents, and disclaims and liability for any statements made or comments contained in the documents.

- c) Flinders University Staff who are also concurrently students for the purposes of these regulations may participate in elections without falling afoul of this regulation, provided they do not engage in interference as per 15.9(b) through the course of duties as Flinders University Staff

This amendment shall take effect immediately upon passage by Student Council.

9. Matters for Noting

9.1 Student Council Expenditure – Josh Rayner

Will update Student Council members on budget expenditure this year thus far.

9.2 Roles and Duties Regulations – Josh Rayner

Preamble

Early this month Vice-Chancellor Colin Stirling announced plans for the funding and development of Flinders Village. Following consultation with myself and other members of Student Council, Education Officer Jesse has drafted the open letter attached as appendix 1. I've also developed a graphic depicting this open letter as appendix 2.

Motion

FUSA Student Council Executive endorses the open letter attached as appendix 1.

reefs will be shrunk by 70-90%, and extreme weather events and intense droughts will occur far more often. Despite the warnings, Donald Trump has pulled the US from the already inadequate Paris Climate Accord, Jair Bolsonaro is promising to open up the Amazon to deforestation due to agribusiness and in Australia, the Adani coalmine has been given the go-ahead.

This inaction has caused a wave of resistance; Greta Thunberg has called international school strikes for climate action, the streets of London were ground to a halt by a massive civil disobedience action and in Australia we have seen a growing campaign against the opening up of the Galilee Basin to the coal industry.

A National Union of Students survey has shown that climate change and environmental destruction is the most pressing issue for students nationally, and NUS has organised a National Day of Action University Climate Walkout on August 9 as part of an ongoing campaign of resistance to the fossil fuel industry.

Motion

FUSA endorses the August 9 National Day of Action University Climate Walkout.

FUSA and Student Council will share NUS produced material to their social media sites for promotion of the NDA.

FUSA Student President will contact Buildings and Property for approval to poster on campus and have material shared to the Hub screen on Bedford Park Campus

Student Council will distribute NUS produced material such as posters and leaflets in promotion of the NDA on information stalls in the lead up to August 9.

Student Council Executive will write to Vice-Chancellor and Deputy Vice-Chancellor requesting an email be distributed to students exempting them from mark reductions for missing classes on August 9 to attend the National Day of Action events as done so for the School Strike 4 Climate earlier this year

7.0 Safety

As this is an alcoholic event, it will be an expectation that those whom purchase the pub crawl shirts are 18+ which can be proved by providing a valid driving licence, passport or proof of age card. Additionally, we will aim to recruit designated responsible people that stand out due to the use of a differently coloured shirt and will be points of contact should issues occur.
